Do you need to know:

- What countries have the highest cell phone usage? Or computer usage?
- Where are the largest U.S. export technology markets?
- What technology markets should you be exploring and why?
- What are the leading U.S. high-tech manufacturing investment locations overseas?

If so, you need to order *Cybernation 2.0* TODAY!

AeA & [The Nasdaq Stock Market](#) are delighted to bring you *Cybernation 2.0*. This report examines more than 60 technology markets around the world and assesses the global competitiveness of the U.S. high-tech industry. We evaluate the U.S. technology industry in the worldwide marketplace by U.S. tech trade flows, U.S. tech investment overseas, and global tech usage. Other quantifiable measures examined in *Cybernation 2.0* include market size by population, buying power based on GDP per capita, commitment to R&D, and availability of venture capital.
